**Research Innovation in IOT
(RIIOT-2018)**

Arya Institute of Engineering & Technology in collaboration with RTU, Kota conducted 3 days long TEQIP-III Sponsored Faculty Development Program on "Research Innovation in IoT (RIIoT-2018)".

This 3 days long FDP was organized to enhance awareness of the Internet of Things (IoT) strategic research and its innovation agenda. The FDP represented the consciousness of faculty towards of Internet of Things.

The Internet of Things is the network of physical objects that contain embedded technology to communicate and sense or interact with their internal states or the external environment and the confluence of efficient wireless protocols, improved sensors, cheaper processors, and a bevy of start-ups and established companies developing the necessary management and application software has finally made the concept of the Internet of Things mainstream.

Energy Conservation & Audit (ECA-2018)

Arya Main Campus (AIET) organized 2 Days Faculty Development Program on 'Energy Conservation & Audit (ECA-2018)' on 21st and 22nd December 2018.

This FDP was organized to enhance awareness of Energy Conservation & Audit strategic research and its innovation agenda.

The FDP was preceded by Mr. BN Saini, Rtd Director RSEB, Dr. Shivlal, Principal, Banswara Govt. Engg. College, Dr. Pushpendra Singh, Associate Professor-JKLU, Mr. Rakesh Jain, (from e3 solutions).

An energy audit is an inspection survey, an analysis of energy flow for energy conservation in building, process or system to reduce the amount of energy input into the system without negatively affecting the output. In commercial and industries, an energy audit is the first step in identifying opportunities to reduce energy expenses and carbon footprints.

International Seminar

ARYA Group of Colleges is organizing International Seminar on Technological Adversities & Innovation for the **Faculties of all departments (AIET+ACERC)** on 8th June 2019 as per the following schedule:

Chief Guest – Mr. Madhu Chetty - Associate Professor at School of Engineering & Information Technology, Federation University of Australia.

Mr. Jonathan H. Chan - Associate Professor, King Mongkut's University of Technology, Thonburi, Thailand.

Schedule

Venue	:	Arya Institute of Engineering & Technology (LT-1)
Topic	:	Technological Adversities & Innovation
Date	:	08th June 2019
Time	:	1:00 – 2:00 PM

About the Program:

Innovation is important for the advancement of society as it solves kinds of social problems and enhances society's capacity to act. These new technologies, products and services simultaneously meet a social need and lead to improved capabilities and better use of assets and resources.

Note: It is mandatory for faculty members of all departments to report sharp at 1:00 PM.

Date	:	16th & 17th July 2019
Time	:	10:00 AM

About C-DAC:

Centre for Development of Advanced Computing (C-DAC) is the premier R&D organization of the Ministry of Electronics and Information Technology (MeitY) for carrying out R&D in IT, Electronics and associated areas. Different areas of C-DAC, had originated at different times, many of which came out as a result of identification of opportunities.

- The setting up of C-DAC in 1988 itself was to built Supercomputers in context of denial of import of Supercomputers by USA. Since then C-DAC has been undertaking building of multiple generations of Supercomputer starting from PARAM with 1 GF in 1988.
- Almost at the same time, C-DAC started building Indian Language Computing Solutions with setting up of GIST group (Graphics and Intelligence based Script Technology); National Centre for Software Technology (NCST) set up in 1985 had also initiated work in Indian Language Computing around the same period.
- Electronic Research and Development Centre of India (ER&DCI) with various constituents starting as adjunct entities of various State Electronic Corporations, had been brought under the hold of Department of Electronics and Telecommunications (now MeitY) in around 1988. They were focusing on various aspects of applied electronics, technology and applications.
- With the passage of time as a result of creative ecosystem that got set up in C-DAC, more areas such as Health Informatics, etc., got created; while right from the beginning the focus of NCST was on Software Technologies; similarly C-DAC started its education & training activities in 1994 as a spin-off with the passage of time, it grew to a large efforts to meet the growing needs of Indian Industry for finishing schools.

One Day National Faculty Development Program
Training of Technical Faculty Members

ARYA Group of Colleges giving opportunity of **One Day National Faculty Development**

Program on **"KNOWLEDGE MANAGMENT & INFORMATION TECHNOLOGY"** for the

Technical Faculty Members of ARYA Group of Colleges on 31st August 2019 (Saturday).

Topic	:	"Knowledge Management & Information Technology"
Venue	:	ARYA Institute of Engineering & Technology, Jaipur (LT-1)
Speaker	:	Mr. Rajit Sikka , Head Academic Relationship Manager (North), TCS
Timings	:	2:.00 PM Onwards

About The Programme:

Effective knowledge management is becoming crucial for the survival of business organizations due to their increasing reliance on knowledge work. Information technology (IT) plays a key role in enabling knowledge management. The objective of this research is to understand the role of IT in managing organizational knowledge. The results of the study will enhance our understanding of the organizational knowledge management process and provide guidelines for designing IT infrastructure for effective knowledge management.

Organizer:

- **TATA Consultancy Services**

Note:

- All the faculty members are requested to kindly report at sharp 2:00 PM as per the above mentioned schedule. Certificates will be given at the end of programme to all participants by TCS.
- Participating faculties will be informed by their respective HoD's.
