

The College administration firmly believes in participative working and student-co-partnership. Students are represented in almost all the committees, associations of the College. As per the norms of the **Arya Institute of Engineering and Technology-Jaipur**, every year students' council is constituted. The meeting of this council is periodically to plan the future activities and to take stock of activities already done in the College. Thus, the college is very sensitive and responsive to the student-related activities of the College and assigns utmost importance to them. Following is the notice for students regarding Students Council Formation. The students are asked herewith through this notice to fill up the application forms by rules and regulations

Student council works in coordination between faculty and students mentors, the committee is presided by the head of committee and other members for each vertical to ensure the participation and effectiveness of this work. Student council assists in day-to-day academic activities at their student level. Coordination in establishing communication between students and teaching faculty. Coordination in organizing cultural events like sports etc. Student council in Arya College take active participation in conducting **Industrial trips and getting students trained for placement related activities such as Group discussions, extempore etc. These encourage leadership skills and become competent managers by learning these skills.**

The student Council has the members of **B.Tech 1st year , 2nd Year and 3rd Year** .They are involved in many activities which are done by involving other students and to ensure participation. They also motivate other students to take part in the activities conducted by the Institute like cultural activities, sports activities and other social service related activities.

The formation of a student council helps college in carrying out the activities effectively and also nurture students and get the proper and right feedback at every time.
